Data sheet

Lifting column JC35EA3C

- The JC35EA3C is a 3-part lifting column suitable to use in , for example, hospital beds, nursing home beds, treatment chairs, couches and dental chairs

The lifting column is compact and has a long stroke length. The 3-part guidance enables an overlap between the individual profiles, which ensures a high degree of stability.

- Max IP grade : IPX6
- Safety nut : optional
